# Tuesday

---

The foundation of a  
successful implementation  
is planning

# Wednesday

---

Build the team  
with people from all levels  
of your organization

# Thursday

---

Analyze the use cases and  
prepare the scenarios  
to know how successfully  
apply your requirements

# Friday

---

**Practice!**

**Take the tool in hand and perform your actions!**

# Conclusion

**THANK YOU**
